SUMMARY

Aspiring **AI engineer** focused on building autonomous, agentic workflows that solve **real-world problems**. Proficient in building scalable systems using **FastAPI, distributed systems, and modern AI tools**. Actively strengthening expertise in designing **AI-driven and agentic workflows** through hands-on projects and continuous experimentation.

EDUCATION

- Chaitanya Bharathi Institute of Technology (CBIT) Hyderabad
B.E. — Computer Science and Engineering (AI & ML) **GPA: 9.42** 2025 – 2028
- Government Polytechnic, Hyderabad (GPT-MASABTANK) Hyderabad
Diploma — Computer Science and Engineering; **GPA: 9.85** 2022 – 2025

EXPERIENCE

- VMEDHA — CBIT** Hyderabad
Executive Board Member Sept 2025 – Present
 - Organizing and coordinating institutional technical initiatives around Artificial Intelligence.
 - Supporting the implementation of workshops, seminars, and innovation-led activities.
 - Collaborating with teams to manage event logistics, communication, and outreach.

PROJECTS

- GPTLogicLoom — A Learning Management System** Apr 2024
 - Built using **Django, SQLite, HTML, and Bootstrap**.
 - Developed a centralized website pooling C, C++ and engineering learning resources for diploma students, saving their research time and improving learning efficiency.
 - GitHub:** github.com/Narendarcodes/gptlogicloom
- WhatsApp Calendar Agent** Dec 2025
 - Developed using **FastAPI, Redis, and PostgreSQL**.
 - Schedules tasks and reminders to ensure uninterrupted workflow across platforms (Google Calendar and WhatsApp).
 - GitHub:** github.com/Narendarcodes/Autonomous-Whatsapp-Agent
- Agentic-Adaptive Learning System** Oct 2025
 - Built using **React.js, Node.js, Express.js, OpenCV, Google-ADK**.
 - An AI-based system that assesses student performance through quizzes, identifies weak areas, and helps improve academic outcomes.
 - GitHub:** github.com/Narendarcodes/Agentic-adaptive-learning-system

HACKATHONS & COMPETITIONS

- Smart India Hackathon (SIH)**
 - Selected in the internal college round representing the institute.
 - Collaborated with a team to design innovative technical solutions for speedy resolution of Municipal Management System issues.
- VibeathonX Hackathon**
 - Selected for the final round among multiple competing teams.
 - Developed and presented a collaborative technical solution.

ACHIEVEMENTS

- TG-ECET 2025 — Rank 49
- Polycet-2022 — Rank 303 among 100,000+ students

SKILLS

- Core Technical:** MERN (MongoDB, Express.js, React.js, Node.js), FastAPI, Django, PostgreSQL, Redis, C++, Docker, DSA
- Additional Technical:** Git, GitHub, VS Code, Bootstrap, SQLite, Python, N8N
- Professional Skills:** Team Management, Adaptability, Fast Learner

HOBBIES

- Video Editing and Graphic Designing
- Browsing and exploring new technology
- Reading non-fictional books

VOLUNTEER EXPERIENCE

- NSS Volunteer** 2022 – 2025
 - Participated in community service initiatives and social outreach programs.
 - Developed teamwork, leadership, and communication skills.
- Part-Time Volunteer & Video Editor, Aaryajanani Trust** 2025 – Present
 - Produced digital video content to promote initiatives on holistic maternal and child well-being and support social impact outreach.
 - Contributed to digital outreach and promotional campaigns through impactful visual storytelling.
